**Date:** 9/11/2024  
**Originating Department:** Public Health  
**Request made by:** Daniel W. Gilmore  
**Request Type:** Contracts  
**Regarding:** NYS DOH Bureau of Tuberculosis Control

Dear Anthony J. Picente, Jr.:

Attached please find a proposed amendment to a multiyear Master Contract between Oneida County, through its Health Department, and New York State Department of Health for the performance of the Tuberculosis (TB) Control Program.

This amendment extends the original agreement's end date from March 31, 2024, to December 31, 2024. This amendment also increases the total contract amount to \$234,266.00. This program is mandated by Public Health Law.

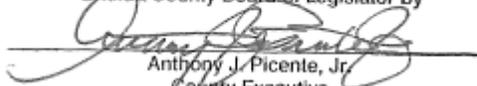

The Oneida County Health Department's TB control Program includes early case finding and reporting, prompt diagnosis, appropriate treatment, case management with particular attention to direct observed therapy, aggressive investigations of contacts, treatment of latent TB infection and educational programs.

If this amended Master Contract meets with your approval, please forward to the Board of Legislators for their consideration.

  
Daniel W. Gilmore, PhD., MPH  
Public Health Director
